## Inequality

In recent years,  
the gap between the  
rich and the poor  
has widened

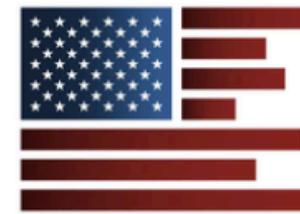

Inequality is uneven distribution of income or wealth across the whole population

## **Deprivation in wellbeing**

Poverty contributes to inequality in access to education, health, and it worsens living conditions.

A photograph of a dense urban slum at night, showing numerous closely packed, multi-story brick houses built on a hillside. The houses are illuminated from within, and laundry hangs from lines strung between them. The scene captures the harsh reality of extreme poverty.

In 2013, 10.7% of the global population  
were living in extreme poverty
